**CREATIVE ARCHITECTURAL MOULDINGS LTD**

PART OF THE BANBURY GROUP

Stone-Coat mouldings can be manufactured in almost any profile and shape. A unique stone effect product that solves the problems of traditional cast stone, meets the requirements of the Health & Safety executive and allows the designer complete flexibility. It not only looks great but is less expensive both to buy and fit than other traditional materials.

---

### REFURBISHMENT

Stone-coat is ideally suited to enhance the aesthetic appearance of a refurbished building. Easily installed and very cost effective.

---

### COMMERCIAL

Stone-coat offers a perfect solution for the design and use on Commercial projects.

We can provide a complete line of architectural shapes to suit any specification.

From the more detailed cornice, decorative band courses or simple copings, Stone-coat has the answer.

---

### RESIDENTIAL

Stone-coat architectural decorative products will add luxury and beauty to your home at a very reasonable cost. Whether it be new build or refurbishment with the addition of Stone-coat mouldings you will give your residential property a unique visual appearance.

---

### RENDER

Ideally used in conjunction with render as a stone dressing alternative or as a render stop.

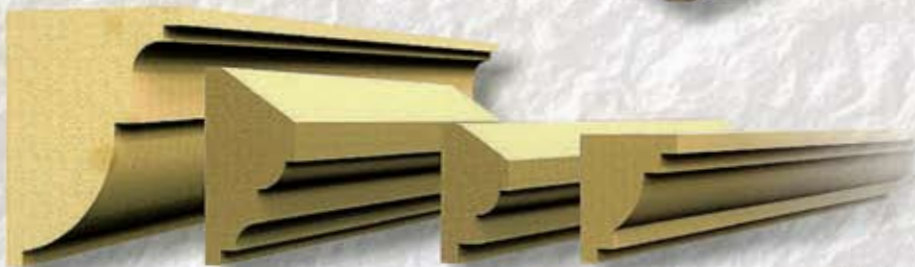

Installation of the Stone-coat decorative mouldings is fast and easy, these products will save you time and labour but not compromise the finished project.

# LET US TAKE THE WEIGHT OFF YOUR DETAILING

Stone-coat mouldings can be made to suit any profile. If it can be drawn and detailed, we can make it. From the more complex shapes of columns and balusters, to a simple band course, Stone-coat offers you total flexibility in your designs. As you can see from this photograph, coping stones, door surrounds, cills, heads, keystones and corbels are all options that can be included when specifying Stone-coat mouldings.

## MONUMENT / SIGNAGE

Stone-coat offers a complete range of monument signs, lettering and custom logos. Monument signs are pre-manufactured to your own specification. This is a lightweight durable product which can be coated with our special Stone-coat finish or coloured to your individual requirements. Traditional printed signs can also be incorporated using the Stone-coat trims as a border. We can cut and coat any shape or design.
